Commissioner for Patents

The reply filed 6-4-04 is not fully responsive to the Office communication mailed 4-5-04 for the reason(s) set forth below. The application does not contain, as a separate part of the disclosure on paper copy, a "Sequence Listing" as required by 37 CFR 1.821(c). Applicant must provide an initial paper copy or compact disk copy of the "Sequence Listing", as well as an amendment directing its entry into the application. It is further noted, that the current computer readable form inaccurately represents Peptide Number 22 of page 38 as "XXXS....SI" in SEQ ID NO:9. As such, Applicant must fully comply with the sequence rules by submitting a (1) new CRF, (2) a paper copy of the sequence listing, (3) an amendment directing the paper copy in to the specification and (4) a statement according to 1.821. Applicant should ensure that the sequences disclosed on pages 38-39 are accurately represented in the computer readable form and paper copy.

Since the above-mentioned reply appears to be *bona fide*, applicant is given a TIME PERIOD of ONE (1) MONTH or THIRTY (30) DAYS from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).
